**YEAR FIVE AND SIX PERSONAL DEVELOPMENT PROGRAM
WEEK 3**

Dear Parents,

As part of our health program, the Year 5/6 students will be participating in a number of sessions focusing on changes associated with puberty. Particularly the physical and emotional changes and how these can affect our attitude and self-image. All content will be age appropriate and relevant, and restricted to the students' needs at this stage in their life.

Where appropriate, students will be split into gender based groups for some activities. However, all students will cover the same curriculum.

As this is part of our core curriculum we encourage participation from all students and support from parents at home.

If you **do not** wish your child to participate in the program, please fill in the note below and return it to your child's teacher by Friday 26 October.

Thank you for your continued support in this matter,

Year 5/6 teaching team
