

14 October 2019

Dear Parents

As part of our Year 6 end of year activities, the students will be holding the annual Year 6 Market Day on November 22 (Friday week 6). This raises money for their graduation dinner and disco.

This is a significant learning experience for students as they gain skills in business management, budgeting, dealing with customer service, working in teams and community awareness. The confidence they gain from this activity holds them in good stead as they transition into high school.

The amount raised during this fundraiser determines how much a graduation ticket costs. Last year Market Day was so successful, the students were not required to pay for their graduation ticket. We anticipate our hard-working children will again rise to this challenge.

Graduation ticket includes:

- Dinner
- Disco
- Decorations
- Graduation cake
- Yearbook (professionally printed in colour)
- Year 6 gift to the school

Students are currently forming groups and discussing options for their stall. Students are responsible for coordinating, organising and managing the resources required to successfully run their stall.

Parents, please note:

It is important to discuss with your child an appropriate budget for their stall as Market Day costs will not be reimbursed.

We have greatly appreciated your support for our Year 6 fundraising this year.

If you have any questions, please don't hesitate to contact your child's teacher at the school.

Yours Sincerely

Kelly Turner, Bec Hadfield and James Shapowloff
