

Third Party Applications Permission Note

Dear Parent/Guardian,

Kaleen Primary School believes the use of Information and Communication Technology (ICT) is fundamental in assisting teaching and learning in all areas of the school curriculum. Due to the changing nature of education and the availability of applications to improve teaching and learning, we need to keep an updated register of permissions as new apps are adopted. The use of web-based learning resources and cloud-based storage has risen steadily over the last decade and are increasingly being used by teachers across the Directorate to improve student learning outcomes.

Teachers make decisions about the best technology to meet the needs of their students. There are a range of applications provided by the ACT Education and Training Directorate that provide secure access to students; however, these do not always provide the services required by our teachers and for our students. Sometimes it is beneficial for the student to utilise the services provided by third party web-based providers.

Types of services provided by these providers include online content creation, collaborative tools, online educational games, and various administrative programs for tracking student assessment data.

Our school wishes to register with a range of web-based service providers, which are listed below. Registering with these providers requires that some personal information about a student in your care is divulged. This may include: Student Name, Student Code, Year group and student email address (we will only use the minimum amount of student information), Google Classroom will also require Parent names and emails. To ensure that we comply with the *Commonwealth Privacy Act* (1988), we need to seek your permission for the use of these sites. It's important that you understand the reasons that these websites collect this information, what will be done with it, and who else may have access to it. For each of the websites that the school intends to use, we have included a link to the website's terms and conditions and/or privacy policy. Please read these and ensure that you understand the implications of using this service before giving your consent.

This document has also been sent on Seesaw, where all of the links are live.

Third Party Applications Permission Note

Please **CONSENT** to information being supplied to each of the providers as set out on the attached pages.

- We will only disclose information to the app/service provider that is necessary for students to have full access to the service, such as a name and/or school email address, and
- Students will not be signed onto programs unless they are in a class where the program will be used.

If you have any concerns about any of the programs, please contact Ryan Lindsay (ICT Coordinator/Classroom Teacher) or Christopher Shaddock (Principal) on 6142 1750.

To provide consent, you must:

- ✓ Tick Yes on the Complete Permission section below, **or**, tick Yes for each separate application on the attached sheet
- ✓ Sign the section below

COMPLETE PERMISSION

☐ I give permission for my child to access **every** third party application as listed on the following page.

Student's Name:

Parent/Guardian's Name:

Parent/Guardian's Signature:

Date

Please return this note to school by **September 25, 2019** with your child to their classroom teacher or the Front Office.

Third Party Software Permission

Student Name: _____
