

Dear Families

We have updated our 'Book Pack' processes to make it more cost effective for families with multiple children and to streamline our resource management as a school. We have completed a stationery audit across the school and will be placing bulk orders of stationery items where needed for 2020. This will ensure that we are targeting our purchases and only ordering supplies that are required. This means that families will no longer receive an itemised list for each cohort as all resources will now be allocated at a school level to ensure all students get what they need.

'Book Pack' pricing includes:

- Stationery items
- Photocopy paper
- Art and Craft resources
- Digital Technology and Subscriptions (Seesaw etc)
- Year level specific resources.

The cost for each 'Book Pack' is \$95.00. This year we are introducing a reduced rate for families with more than one child attending Kaleen Primary School (including the preschool). The prices are listed below.

If you have...

1 child the cost is \$95.00

2 children the total cost is \$180.00

3 or more children the total cost is \$250.00 per family.

A note will be sent home at the beginning of next year, with additional details and payment options. If you have any questions or would like to discuss a payment plan, please contact the front office.

Kind Regards,
Chris Shaddock
Principal
