Voluntary Contribution

LIBRARY TRUST FUND 2020

Dear Parents/Carers

Each year, Kaleen Primary School requests voluntary contributions from families to support learning throughout our school.

This year, our school strategic priorities are literacy, numeracy and STEM education. In 2020, your contributions will be used directly to:

Purchasing a range of contemporary literacy, numeracy and STEM resources.

- Purchase class sets of quality literature for student.
- Purchase targeted teaching materials including big books.
- Purchasing digital resources.

The voluntary contribution has not increased since 2015. The contribution amount is:

\$95 per Student

\$150 per Family

Voluntary contributions over \$2 are tax deductible.

If you pay by the 30 June you can claim it on this year's tax.

Your contribution is greatly valued, and enables our school to deliver high quality educational programs for all students. Thank you for your ongoing support.

Kind regards

Chris Shaddock
Principal

Catherine McGufficke
P&C President

Please note: The payment of this financial contribution is voluntary. The *Education Act 2004* states that your child will not be refused benefits or services if you do not choose to contribute. Individual records of contributions are confidential.
